Matt, thanks for all your efforts, hopefully they won't need them to rescue any of us.

Ray -

Commissioner DiMaggio just called me - asking who is this guy Basso?! - LOL

Heads up - he hired a firm to test the fields and is waiting for the results (not sure what firm or what they tested for?)

He may ask you to pay for the test.....ask for the EPA to help evaluate the findings.....come out publically and say the fields are safe if they are.....and work with Lyndhurst if there is a problem with the fields.

Matt
